

Bell-type companies already dominate telecommunication. Competition requires competitors. If the FCC lifts the dominant classification from the Local Exchange Carriers (Bells), it will limit competition to a duopoly consisting of a bell and a cable company. Competition in the American Telecom marketplace will not be incentivized, it will be destroyed. ISPs and CLECs will die, consumers will be deprived of choice and the FCC will be wholly responsible for this travesty. Please do not sell out to BIG BUSINESS, at the expense of competition and the small businesses of our country.
